Personnel Information,

DOB Ankara October 18, 1948 M

Married two children

Employment history

2019- Univ of Istinye Fac of Pharmacy

2016-2019_Girne American university Faculty of Pharmacology

2016 Free Lance and Self employment

1997- 2016 *Prof.Dr.* Univ of Mediterranean Med. Fac. Dept of Pharmacology.

1989-1995 / *Associate Prof* Univ of Mediterranean Med. Fac. Dept of Pharmacology.

1984-1989 /*Assist. Prof* Toxicology Univ of Mediterranean Med. Fac. Dept of
.Pharmacology

1982-1984/ *Asis. Prof* Univ of Mediterranean Med. Fac. Dept of Biochemistry.

1979-1982 / *Head of Assistant* at Dept of Biochemistry at Antalya Medical Fac. Of Ankara
university.

1975-1979/ *Laboratory specialist at Biochemistry Labs* of Dept of Pediatrics Department of
Ankara university Medical Faculty

1972-1975/ *Lab. Assistant* at University of Ankara School of Pharmacy Dept. of
Pharmacognosy

During that Time

2011/ Three Months Studied as Visiting Scientist at MAYO clinic Rochester Mn USA Dept
of Biomedical Engineering

2001-2002 Visiting Prof and Senior Research fellow at School of Biological Sciences
University of Surrey England.

1986-1988 Postdoctoral Research Scientists At Robens Institute.

1988-2000 During summer times continue working at Univ. of Surrey as researcher .

Official Duties at Univ. of Mediterranean

2009- Head Dept of Pharmacology Univ of Mediterranean Med. Fac.
 2008- Member of Adminastirtiv committee of Medical Faculty of Univ. Mediterranean.
 2007-2010 Member Committee of Faculty of Med. Fac.

Education:

1975-1979-PH. D. (doctorate) Analytical chemistry (Clinic) University of Ankara Faculty of Pharmacy.

1968-1972 -Faculty of Pharmacy Ankara university

1961-1968- Primary and Lyceum (high School) TED (Ankara College).

Professional Qualification

Have certicatas for various Analytical techniques

Some chosen publication

Writer	Title	Journal		
Bressa G hinton RH, Price SC, İsbir M and Grasso P.	İmmunotoxicity of Tri- nibutyltin oxide (TBTO) and Tributyltin Chloride (TBTC) in the rat.	Journal of Applied toxicology	11 (6) 397-402	1991
Oğuz K: Başkurt, Ümit K Şentürk, Nalan Dayan, Vural Küçükkatay, Mehmet Isbir , Aslı Erkılıç İrfan Kapotlu.	Cyclosporine A affects Red Blood Cell deformability in Vivo but not in vitro in Gunienna Pig.	The Journal of Pharmacology and Experimental Therapeutics	274: 1483-1442,	1995

---	---	--	--	--

Speaker or Lecturer at International conferences (last 2 years)

Mayo Clinic Biomedical Engineering Seminar (St.Marys Hospital October 27-2009
“A new Biomarker for Drug Discovery: Can it be Intracellular Calcium

Drug Development Summit London 29-30 April London UK
Intracellular Calcium

Molecular Medicine Congress İstanbul

2005 toxicogenomics (Clinical and preclinical approaches) published at Advances in molecular Medicine vol 1 April 2005

II Congress of molecular Medicine 24-26 March 2007

An Inorganic molecule in Medicinal therapy

III congress of Molecular Medicine

From signaling pathway to therapy intracellular calcium published at IUBMB Life Vol 61 no3 March 2009

Other Activities:

Translated Netters Illustrated Pharmacology to Turkish
“Netterin Resimli Farmakolojisi”

Finished a project about Chemo taxis of Fibroblasts towards wound, the effects of various drugs to wound healing and intracellular calcium as signaling

new projects proceeding
Antinonciceptif agent; Agomelatin?

I am Member of

Turkish toxicology society

Used to be Turkish consulate of European Association of Cancer Research

My hobbies

Reading book

And also writing book (Especially History)

As sport

Walking and Swimming.

Pror.Dr. Mehmet İSBİR
